Objective

Seasoned executive with 5 years of progressive experience in front-end and back-end development, technical leadership, and deployment management. Known for exceptional written and verbal communication skills, strong interpersonal abilities, and proven expertise in managing remote work environments.

Education

University of Central Punjab, UCP   2017 – 2021

BS in Computer Science

Experience

Mid-Level Laravel Developer, Robust Agency   Oct 2023 – Present

- Designed and developed scalable web applications using Laravel and PHP, delivering clean, reusable, and efficient code while working in a team environment.
- Integrated third-party APIs and implemented Test-Driven Development (TDD) for robust, high-quality applications.
- Created and customized Shopify apps to enhance e-commerce features and improve user experiences.

Laravel Developer, Consecutive Bytes   Apr 2023 – Sep 2023

- Designed and maintained high-quality software applications using PHP (Laravel), ensuring clean and efficient code.
- Conducted thorough testing, debugging, and performance optimization to ensure reliable applications.
- Collaborated with cross-functional teams to deliver projects on time while meeting user requirements and business needs.

Laravel Developer, Royal Soft   Mar 2022 – Apr 2023

- Developed and maintained robust web applications using Laravel, ensuring efficient and scalable back-end solutions.
- Created and optimized REST APIs, AJAX calls, and JSON data handling for seamless application functionality.
- Built responsive user interfaces with HTML5, CSS/Bootstrap, and JavaScript, collaborating effectively with cross-functional teams.

Internee/Junior Laravel Developer, 6Flicks Technologies   Aug 2019 – Feb 2022

- Helped develop web applications using Laravel, supporting back-end functionality and database tasks.
- Learned to create and use REST APIs and work with JSON data.
- Worked with senior developers to fix bugs and improve app performance.
